

PROMOTION IS IT!

GATE DVD DISTRIBUTION

When you manufacture and promote your projects with The Gate you get guaranteed national distribution that includes the major on-line stores, Best Buy, FYE, Sam Goody, Camelot, Virgin Records, Tower Records, Barnes & Noble, Borders, plus many others and the best independent record stores in the U.S.

The Amateurs...

Yes, yes, we know there are other companies that promise you "distribution," however this is not what is really happening. They are not a part of the national retail distribution system. Ask them! Ask them exactly how they are going to help you promote and sell your project. Their way just doesn't work.

The Experts...

WHAT WE DO AND THEY DON'T:

1. The Gate will help you develop your look and your music.
2. The Gate will manufacture your project and promotional materials.
3. The Gate will promote your project and get results.
4. The Gate will get you the distribution you need.
5. The Gate will get you into the retail stores.

Requirements:

The only requirement is that you manufacture and promote with The Gate.
